

RSK 7102651

The S/50L MA floor drain has a 75 mm side outlet and is for installation in wooden or concrete joists. It is manufactured in epoxy coated cast iron and comes complete with a removable water trap, clamping ring and plastic grate. It also comes with a protective cover that is intended to prevent any concrete or debris from installation from entering the drain.

The automatic clamping ring is used for both sealing membrane and vinyl flooring. It is a self-adjusting clamping ring for vinyl flooring with a thickness of 1,5 mm to 2 mm.
