

RSK 7113609

The Saga 75 Side floor drain has a 75mm side outlet and is suitable for installation in concrete joists. The floor drain has a built-in extension ring. This extension ring should sit in its lowest position when casting the concrete; and after grouting, the upper part can then be raised by a maximum of 15mm and can be angled up to 4° from its starting position. The Saga floor drain comes complete with a removable water trap, clamping ring and plastic grate. It also comes with a protective cover that is intended to prevent any concrete or debris from installation from entering the drain.

Specifications
