

## RSK 7114645

The Purus Line 600 is a linear floor drain body with a vertical 75 mm outlet. It can be installed in wooden or concrete joists. The Purus Line comes with a removable NOOD water trap, strainer, stainless steel clamping ring, stainless steel frame and installation kit. It is compatible with the 600 Patterned and Limited Edition grates, which are sold separately. The NOOD water trap is a mechanical trap which closes when there is no water present, thus preventing any foul air from escaping through the drain. This linear floor drain can be installed against the wall or elsewhere in the room.

## RSK 7114647

The Purus Line 700 is a linear floor drain body with a vertical 75 mm outlet. It can be installed in wooden or concrete joists. The Purus Line comes with a removable NOOD water trap, strainer, stainless steel clamping ring, stainless steel frame and installation kit. It is compatible with the 700 Patterned and Limited Edition grates, which are sold separately. The NOOD water trap is a mechanical trap which closes when there is no water present, thus preventing any foul air from escaping through the drain. This linear floor drain can be installed against the wall or elsewhere in the room.

## RSK 7114649

The Purus Line 800 is a linear floor drain body with a vertical 75 mm outlet. It can be installed in wooden or concrete joists. The Purus Line comes with a removable NOOD water trap, strainer, stainless steel

clamping ring, stainless steel frame and installation kit. It is compatible with the 800 Patterned and Limited Edition grates, which are sold separately. The NOOD water trap is a mechanical trap which closes when there is no water present, thus preventing any foul air from escaping through the drain.
