PURUS

Standard couplings are used to connect two waste water pipes with the same dimension, as well as waste water pipes with the same or different materials and surface structure. Standard couplings are suitable for vertical and horizontal installation. They have two sides, both with hose clamps for external installation of waste water pipes. They are easy to install in a few minutes and are approved for concealed placement. The material is UV-resistant.

Specifications

RSK Number 3106988

Function Transition seal outside

Item Color Black

Material EPDM, Acid-resistant stainless steel

1.4404

Outlet Dimension 70-85 mm

Pressure Flow 0,6 bar Temp

Version Type approved for consealed installation

Ø70-86
